on Rs 216/- a year. Provision on this account has been retained in the current years budget of the Chalakkara Municipality, according to which the financial condition of the Municipality is as follows:-

Opening balance	=	5555
Receipts	=	3945

The proposals seem to deserve consideration from an administrative point of view. Sir II may be consulted as to the H. school [illegible] It may be noted in this connection that if the following extraordinary provisions in the Budget be omitted, the expenditure will be advantageously reduced to more than the annual income

On Buildings do	= Rs 748	
On Shrubberies do	= Rs 300

works will have to finish till the Slate Cabin is brought under a system of complete Satisfactory drainage. They cannot therefore be considered as Extraordinary as they are liable to occur at all events for a number of years to come. The position of the Municipality cannot therefore be considered as Satisfactory.

5 The reason advanced for increasing the fee of the Mukhtarii is that he has to supervise the drains & the opening out of new roads. If the administrative branches is satisfied that this forms a part of the legitimate duties of the Mukhtar the increase may be sanctioned though it may be advantageous to fix the temporarily in the first instance. Similar increases may be proposed by Municipalities if they consider that the fees may not be remunerative. A Resolution may accordingly be drafted & submitted to Government which may also sanction the Rules which would be necessary.

the Maharaja of Mysore
General and Revenue Depts
Bangalore

Sir,

I have the honor to state that the Municipal Mutsaddi of Challakere Town is at present getting Rs 9- per mensem. Owing to the construction of drains and latrines as well as the opening out of new roads which require constant supervision, the work has considerably increased The Board considering that the present pay of the Mutsaddi

CB

is not Commensurate with the work
offered of him resolved in the meeting
held on 9th February 1910, that his pay
be raised from Rs 8 to Rs 10/- per mensem
This small increase of pay will be
an incentive for future good work
I therefore beg to recommend that
the proposal of the Board may kindly
be Sanctioned

The Board further State that
the present Conservancy Establishment is
hard worked on account of Construction of
new drains, and Spaning out of roads,
and that the present pay of Rs 4/- given
to them is quite inadequate for
their maintenance in these days of high
prices, as they are Solely employed on
this work and funds hardly time
to take up any other work They
therefore recommend that the pay
of

If the 8 Sweepers be raised from Rs 4 to Rs 5/- per mensem which may kindly be sanctioned as resolved by the Board

3. It is also resolved by the Board that the services of a Scavenger being absolutely necessary to Cleanse the public latrines which have been recently Constructed, one may be entertained on a Salary of Rs 8/- per mensem As it is necessary to entertain one, I beg that the proposal of the Board may also be kindly sanctioned

4 Necessary provision for the above proposals has been made in the current year's budget

5. The proposition Statement and the Board's resolutions in the matter are herewith submitted.

I have the honor to be
